

STEPHANIE PRIDMORE

Chief of Operations

Stephanie Pridmore joined the California Construction and Industrial Materials Association upon its founding in 2007, previously serving as the Association Administrator for the California Mining Association since 1998. With her prior experience at the Association of California Water Agencies, she has over 30 years of administrative and association management experience. As Chief of Operations, her role is managing all business functions, including financial and administrative operations. She is also responsible for planning and managing events, and membership.

Stephanie serves as the Clerk of the Board and works closely with the President/CEO to carry out the goals and objectives of the strategic plan as identified by the CalcIMA Board of Directors

In her position, Stephanie manages the organizational, operational, and financial functions of the association, human resources, office management, technology, membership, and events, including site selection and contract negotiation. Stephanie works closely with policy staff to ensure we are meeting the needs and expectations of our members. Not much goes in or out of our office without her hand in it.

Stephanie is a member of Meeting Professionals International (MPI) and the California Society of Association Executives (CalSAE).
